EMPLOYERS RESPONSIBILITY

WOULD YOU LIKE TO SEE YOUR VEHICLE AT THE TAKEOUT? IF SO, PLEASE MAKE SURE TO READ CAREFULLY!

1. All keys must be put in the prearranged places as noted above. You must test the keys to make sure they not only start the car but that it will run. Newer cars will only run with a specific key that has a chip and a copy won't suffice. Also, you cannot leave us a key without the electronic locking device. We won't be able to disarm the alarm or start the vehicle without it.

2. Please make sure your tanks are FULL! PLEASE NOTE: We will not be responsible for vehicles that run out of fuel and we will not transport vehicles left with empty tanks.

3. We will not move your vehicle if there is no payment in the vehicle.

4. If you have not been to the store to sign an Assumption of Risk, you must leave signed waiver in vehicle. We cannot move your vehicle without your authorization.

5. All changes must be made prior to launch and must receive a confirmation from Sloanes.

6. Please inspect your trailer before your trip to make sure the tires are inflated (but not too much) and bearings are in good condition. Make sure the deck is secure and that it tows properly even without a boat on it to hold it together. If it is locked on, keys must be left in vehicle in an obvious place in case of trailer failure. We do not want to rifle through your car.

7. We will not be responsible for any costs incurred if your vehicle breaks down. We will do our best to get it to a safe spot or follow your instructions specified above. You will be billed for any additional service provided by Sloanes General Store, such as time involved in changing a tire.

8. Do not leave trash or anything in the bed of trucks or trailers. Please deal with your trash before you launch. It attracts animals and/or will blow out while driving and will cause a mess and we have to pick it up.

9. Please keep valuables hidden from view. In our experience, no one has ever reported damage to vehicles or property loss at the parking areas but let's not tempt anyone.

CONTRACTOR'S RESPONSIBILITY

All our employees are mature, courteous and safe drivers. Your vehicle will be at the takeout unless the road has washed away, your car breaks down, there is no key, no payment or there is no gas. We are pretty handy and will do our best with any roadside repairs but will be limited to our resources.

REFUNDS

No refunds will be issued if upon our arrival the keys are not in the right place or if the key doesn't work or the vehicle is without fuel. We will make every attempt to contact you on the river if there is a problem.
